

The Kickers organization is a recreational soccer club which organizes players into leagues according to the player's grade in school. Teams are not formed by recruitment or by draft. Players are assigned by the club. The following policies will be strictly enforced:

- All players must be properly registered with the Kickers before being considered for placement on a team.
- Registrations can be accepted by the registrar only; registrations submitted to coaches or any other individuals are not valid.
- Registrations are accepted online or by US mail.
- Coaches may not allow a prospective player to participate in practices or games until such time as the club has formally notified the coach of the player's assignment.
- Coaches may not recruit players or in any manner offer reserved spots on a team, regardless of whether or not the player has played on the team before.
- Players may not change teams without prior approval by the club.
- Coaches determine practice times for their own teams. Kickers is unable to reassign players due to scheduling conflicts.
- Players cannot choose the "play-up" option to double-grade leagues ie. 3/4, 5/6, 7/8, 7-12. "Playing-up" to first grade or second grade is still an option.
